Respondents should fully address all components of this RFP, especially the following stipulations:

- SCAG reserves the right to disqualify any and all proposals that are not submitted in accordance with the required format described in this RFP.
- Proposals must include a line item budget in the format and detail shown in Attachment 5. A similar detailed budget is required of each subcontractor whose portion of the work is \$25,000 or more.
- Any proposal exceeding the budget specified in this RFP will not be considered.

- Funding for this project is contingent upon availability of funds at the time of contract award. SCAG's Fiscal Year is from July 1 through June 30.
- SCAG does not reimburse respondents for the cost of proposal preparation, even in the event of RFP cancellation.

- The Debarment and Suspension Certification must be fully completed by all parties to the proposal (prime and all subcontractors).
- The SCAG Conflict of Interest Form must be fully completed by any parties to the proposal whose portion of the overall work is valued at \$25,000 or more. All persons or firms seeking contracts valued at \$25,000 or more must complete and submit this SCAG Conflict of Interest Form to SCAG along with your contract proposal. This requirement also applies to any proposed subcontractors whose portion of the overall work is valued at \$25,000 or more.
- The three references that are required in Attachment 2 should not include any SCAG staff.
- Disadvantaged Business Enterprises (DBEs), as defined in Title 49, Part 26 of the Code of Federal Regulations, are strongly encouraged to apply.
- All offerors should ensure that they have completed and submitted a SCAG Vendor/Consultant Application, which has been provided as Attachment 8 of this proposal. Applications can also be obtained on-line at [www.scag.ca.gov](http://www.scag.ca.gov), under "News and Announcements." The application is mandatory for all primes, but optional for subcontractors. Please be advised that if you received a postcard notification for this RFP, you are on our pre-qualified vendors list and do not need to fill out an application.
- All offerors should be aware of the Insurance Requirements for Contract Award, Attachment 9, and must provide a Certificate of Insurance that indicates compliance with those requirements. The Certificate of Insurance must be provided by the successful offeror prior to contract award.
- If applicable, SCAG prefers that software developed, under SCAG's contract, not incorporate proprietary and/or third party software components. This does not preclude the development of deliverables that interface with commonly-available off-the-shelf software. However, contractors must determine in advance whether SCAG already has, or is willing to procure, appropriate licenses for any proprietary and/or third party software that would be required. Impacts of enhancements and upgrades must also be provided. SCAG will require delivery of documentation and source code for all electronic intellectual property developed under a SCAG contract prior to releasing final payment to the contractor.

The maximum period of performance for this contract is 36-months. There will be a 12-month base period, plus additional two 12-month options. Exercising the 12-month option will be dependent upon available funding and satisfactory performance. Cost proposals should be prepared for the entire 36-month period, but broken out into three increments (i.e., base period, plus the two 12-month options).

If you have any technical questions regarding the Scope of Work, please contact Rina Pangindian at (213) 236-1955 or pangindi@scag.ca.gov. Administrative questions should be directed either to Anthony M. Piunno, Jr. at (213) 236-1887 or Sam Mehta at (213) 236-1813.

**Attachment 5: CONTRACT BUDGET EXPLANATORY INFORMATION****RFP No. 05-025**

The sample line item budget on the following page reflects the most common format used to present budget or compensation information in contracts for professional services. Under this format, the consultant is compensated for its costs, plus given a fixed fee. All consultant (and subcontractor) costs must be allowable and consistent with Federal cost principles (see term VII, paragraph F of the MPO/Consultant Contract Boilerplate). Please be aware that the cost-plus-a-percentage-of-cost bid method, where the consultant's profit is a percentage of the reimbursed costs on a project, is not allowed under Federal rules.

In reviewing the sample line item budget, the following should be considered:

- Under direct labor, it is preferable to identify professional staff by both name and position. Such a format ties the level of effort to the staff actually responsible for the project.
- Direct labor and fringe benefits must be shown as separate dollar amounts.
- There are no provisions in the contract budget for contingency fees.
- The salary rate quoted should be the highest rate of compensation the staffer/position is expected to receive during the life of the contract. Expected merit or cost-of-living increases should be incorporated into the quoted rate.

**All consultants must prepare and submit a line item budget using the exact format shown on the following page, or may risk having their proposal disqualified.** Furthermore, any subcontractor whose portion of the work is \$25,000 or more must also prepare and submit their own line item budget as part of the proposal.

For commodity code definitions, please refer to the attached Description of Potential Technical Service Needs.

Please remember to indicate your Federal Tax Identification Number (TIN). If you are not incorporated and are a 1099 company, please provide your 1099 Tax Reportable Name, as well as either your TIN or Social Security Number (SSN).
